

DUTCH OFFER TO INTERMEDIATE EX-KAISER AT DOORN

Bids Are Received for 30 Ex-German Liners

•AUCTION IS HELD DESPITE SENATE AND COURT ACTION

SHIPS SELL BETTER INDIVIDUALLY THAN AS OFFERED IN GROUPS.

JUDGE HEARS CASE

Decision Friday in Application by Hearst to Issue Injunction.

Washington, Feb. 16.—Despite protests voiced in the senate and elsewhere and court proceedings designed to stay the action, the board today received bids for the 30 former German liners.

When the ships were first offered by groups in the service, which the board had planned originally to operate them, no bids were received, but spirited bidding developed later for individual vessels of selected types to run in specified services.

While the bidding was in progress, developments came: Associated Judge Bailey of the district supreme court took under advisement the application of William Randolph Hearst for an injunction to stop the sale of the vessels. He will give a decision Friday.

White House officials announced that President Wilson would inform the senate that there was "no basis" for reports that there was an agreement between the shipping board and British interests for the sale of the vessels. Information as to this report is asked in a resolution by Senator Brandegee.

Asked to Defer Sale

The shipping board was requested today by the senate to defer sale of the German ships for which bids have been submitted until some definite senate action is taken on the subject.

Chairman Payne was unable to conduct the auction as he had been summoned to appear in the district supreme court in proceedings brought by Hearst for an injunction. Commissioner Thomas A. Scott acted for him. Mr. Scott read a statement from Chairman Payne in which said the highest bids would have to be approved by the senate commerce committee and the house merchant marine committee. He said that acceptance of any bids would depend upon the outcome of the injunction proceedings in the district court. Mr. Scott said that all ships must be operated under the American flag.

Shipping Men Present

Among the shipping men present were A. S. Brown, president of the International Mercantile Marine; George W. Goethals, the American Ship and Commerce company; A. C. Moore, president of the American Ship and Commerce company; and Philip Deronde, of the Oriental Navigation company.

One bid for one of the Black Sea fleet was received for \$700,000 for the Black Arrow and was made by the Oriental Navigation company with the understanding that the vessel would be reconverted to the Black Sea service. Commissioner Scott stated that the board insists upon assurances that vessels would be converted to the Black Sea service. He said that the board, but he admitted that the board could not put permanent restrictions upon the use of the fleet.

George W. Goethals offered \$10,000,000 for six vessels for the Hamburg-Bremen service. The bid for the six vessels of the Hamburg-Bremen service was \$10,000,000. Sharp bidding followed the offers ranging up to \$100,000 and \$200,000. Mr. Franklin's bid reached \$116,000.

Mr. Franklin and General Goethals hurriedly increased to \$100,000 and \$200,000 at each other until General Goethals original offer of \$100,000,000 was raised by Mr. Franklin to \$13,000,000.

General Goethals said \$13,000,000 was the limit to which he was authorized to go.

A condition of Mr. Franklin's bid for the six vessels of the Hamburg-Bremen service would require the shipping board to reconvert the vessels to the Black Sea service. Commissioner Scott, who conducted the auction, said that the board would amount to \$1,485,354.

POLISH PEACE TERMS FOR REDS ARE DRASTIC

Warsaw, Saturday, Feb. 14.—The Polish government has received a drastic peace terms from the Polish nationalists in framing military conditions imposed upon the bolsheviks in the armistice of a peace settlement. These include a demobilization of the red armies on this front and the establishment of Polish bridgeheads over the rivers Dvina and Dnieper.

Armistice plans call for a strategic line protecting Poland and ending peace negotiations in unsuccessful. As the allies demanded the left bank of the Rhine from Germany, the Polish plan to demand bridgeheads at Vitebsk and Grodno, and the possible occupation of Smolensk as a guarantee the bolshevik will fulfill the conditions.

Rumanians to Withdraw To Peace Conference Line

Bucharest, Feb. 16.—The withdrawal of Rumanian troops from advanced positions along the Theiss river in Hungary to the line fixed by the peace conference last fall has been decided upon by the Rumanian government.

Arid U. S. Puts Bahama, Haven Of Wets, on Feet

Nassau, Bahama Island, Feb. 16.—Prohibition in the United States which caused enormous quantities of liquor to descend almost like an avalanche upon this city, has transformed the Bahama government's financial condition as if by magic from a deficit to comparatively a huge surplus, provided labor for large numbers of unemployed and put more money in circulation in this little British colony than has been the case for many years.

When Sir William Airdy, governor of the colony, was here, he was told that this became officially known yesterday on an address formally opening the 1920 session of the Bahama legislature.

With the banishment of wines and liquors from the United States, Nassau became one of the havens of refuge for wet goods, being one of the nearest foreign ports outside of Canada and Mexico.

CONTROVERSY OVER TREATY IN SENATE DRAWS NEAR FINALE

Washington, Feb. 16.—With ratification or rejection depending almost solely on whether 84 senators can reach an agreement on a reservation to Article Ten of the league of nations covenant, the peace treaty controversy today drew near a finale.

Opinion still was divided as to the possibility of a compromise on this issue, but as other points on the treaty were being discussed, a general belief was general that no serious trouble in reaching an agreement would be encountered.

After a week ago to formally call up the treaty today for further debate, a number of senators of both sides had prepared speeches. Among them were Senator Thomas, democrat of Colorado, and Senator McCormick, republican of Indiana.

Senator McCormick declared that the treaty was a "disaster" and that he would support it. The latter announced he would speak today and the former tomorrow.

While the discussion is proceeding on the floor the negotiations for compromise on reservations will be continued.

Demands in European countries for revision of the treaty form a new reason against American ratification, Senator McCormick declared.

Attempts to revise the League reservations, Senator McCormick said, "are an effort for reduction of the principal aim of the league, the existing and threatened revolts of subject peoples, he said, present additional grounds for disapproval by the senate of the treaty."

BONUS, COMPULSORY DRILL, AIMS OF LEGION

Washington, Feb. 16.—A "bonus for ex-service men and compulsory military training were announced as the principal aim of the legislation committed to the American legion, members of which were here today for a series of conferences with congressmen. Franklin D. Oiler, national commander of the legion, was present to direct the activities of the committee.

The bonus issue which was side-tracked in the first annual convention in Indianapolis, was revived at national headquarters in Indianapolis. The matter was determined to press the matter by asking for legislation by the government of a \$60 bonus for each month service performed during the war. Such a bonus was estimated at \$1,000,000,000, the government approximately \$1,000,000,000.

COUNTERFEIT NOTE THREATENS TRADE

Berlin, Feb. 16.—The commercial aspirations of Great Britain in Russia are facing a serious menace through the existence of quantities of counterfeit British bank notes in Russian territory. It is declared by Count Von Reventlow. He says it is conceded that English currency is being extensively counterfeited in Russia and that large numbers of these spurious notes are finding their way into central Europe. This would result, he predicted, in a further loss of the buying power of the pound in Russia, as well as elsewhere.

Wilson Chooses Virginian For U. S. Trade Commission

Washington, Feb. 16.—John Garland, of Virginia, has been selected by President Wilson as a member of the federal trade commission.

Times Plane in Egyptian
Sudan on Way to Cape Town

London, Feb. 16.—The air ministry was advised today of the arrival at Mombasa, Southern Egyptian Sudan, of the Times airplane competing in the flight from Cairo to Cape Town.

WILSON SAYS NOTE ON FUME WAS MISINTERPRETED

DENIES THREAT TO WITH- DRAW FROM EURO- PEAN AFFAIRS.

POSITION IS SAME

Paris Does Not Consider Word of President as Ultimatum.

Washington, Feb. 16.—President Wilson, it was learned today at the White House, did not say in his note to the senate regarding the peace treaty that the United States would no longer be able to concern itself in European affairs if a peace settlement were made without consulting America.

Olcieus said the interpretation of the president's note by the Paris Times was not sweeping.

The said the United States would not withdraw from participation in the peace treaty and the treaty would be unchanged. This position never has been officially outlined and officials declined today to define it.

No reply to the president's note has been received, it was said, at the state department. Dispatches from abroad said that in fact the president's note had been received and that it was the ultimatum to Jugoslavians that it must accept the compromise on the Flume question or suffer the carrying out of the terms of the original treaty of London.

Not Considered Ultimatum

Paris, Feb. 16.—President Wilson's note on the Adriatic question is not considered in French official circles as an ultimatum, it was declared today by a foreign office official.

On such partial information as was obtainable yesterday, the French government took the view that the president's note was a statement of fact, not a demand, and that it was a statement of fact, not a demand, and that it was a statement of fact, not a demand.

TRAINS ARE STALLED IN SNOWS IN EAST

New York, Feb. 16.—Railroad communication with points west of New York was virtually suspended today because of the worst blizzard of the winter in the region from Lake Erie to Lake Ontario.

Temperatures as low as 10 degrees below zero were reported from the lower lakes region with heavy snow falling. The trains were stalled and passengers are suffering because of lack of heat.

Crucible Steel Company Stock Is Increased

New York, Feb. 16.—The Crucible Steel company today announced that the stockholders had approved of an increase from \$25,000,000 to \$75,000,000 in the common stock.

"THAT FELLAR GLASS AIN'T CAUGHT YET?" COCKNEY IS CURIOUS

London, Feb. 7.—Secretary of the Treasury "Glass" manifesto against granting any further credits to Europe, besides filling columns in the newspapers, shares with the latest developments of the man in the street.

This is a scrap of conversation overheard between two London cockneys:

"Wot d'ye think of this 'ere fellar Glass? a bloomin' hanger-on."

"Wot fellar Glass?"

"Why, the American chancier of the exchequer? the chap wot says 'e won't lend us no more money'."

"Oh, 'im? Well, wot abt?"

"Ah! 'im? Caught 'im yet?"

Dixon Acquitted of Libel
In Strike in Winnipeg

Winnipeg, Feb. 16.—F. J. Dixon, a member of the provincial assembly, was acquitted today of sedition libel in promoting the Winnipeg general strike last year. The jury had been out since Saturday.

Cold Wave Grips Entire East, But Warmer Tonight

Washington, Feb. 16.—Another cold wave gripped the eastern portion of the country today, the cold area extending from Canada to the Gulf and from the Atlantic to the Mississippi river.

At the weather bureau it was said that the cold snap would be of short duration. The forecast predicted that temperatures would begin to moderate tonight in the Ohio valley and the upper Mississippi valley and would continue to moderate in those districts and in the east and middle Atlantic states Tuesday.

Near freezing temperatures were registered along the Gulf coast as far west as the Mississippi river this morning with cold frosts in northern Florida and Georgia.

The cold snap was accompanied by general high winds which added to the general discomfort.

PRICE OF POTATOES AND OTHER PRODUCE TO BE INVESTIGATED

Milwaukee, Feb. 16.—The state investigation into prices being charged in Milwaukee for potatoes and other produce will be opened in Milwaukee March 1 by the state department of agriculture, assisted by John F. Baker, assistant attorney general. This information was given by Mrs. G. A. Chamberlain, chairman of the Milwaukee fair price committee.

Mr. Baker said that a special committee of five be appointed for special work with the committee and that they will be given authority to assist in the investigation.

Grocers, wholesale dealers, and growers will be subpoenaed to produce their books and records for the purpose of showing prices paid for foods and what prices are being charged.

Encouraging the investigation, Mr. Baker makes one reservation. He says that if District Attorney Sawyer contemplates an investigation into the prices of potatoes and other produce, he will proceed only with Mr. Sawyer's consent.

REDS IMPROVE LINES ALONG POLISH FRONT

Paris, Feb. 16.—Bolshevik military leaders are taking advantage of the cold weather to improve their positions along the Polish battle front, according to reports received here. The principal point of concentration on the northern front is near Smolensk. In two other districts, the line is being improved. The line, and not far from Kiev, further south, soviet troops are utilizing main line roads extending to the west.

Communication between Smolensk, Gomel, and Kiev is impossible, as no railroad parallels the Polish front. Military authorities who have come recently from Poland are unable to say whether the reds will remain at their concentration points or be distributed for the spring drive, which has been predicted in the event of failure to open peace negotiations with Poland.

SWITCHMEN ARRESTED FOR LOOTING FREIGHT

St. Paul, Feb. 16.—Eight switchmen employed in the Minnesota Transfer yards were arrested today by police and railroad detectives who charged that wholesale looting of freight cars has been in progress for several weeks.

The men pleaded guilty to petit larceny. Special Agent Arthur Caine said other arrests might be expected. According to Caine, looting of freight cars has been operated under a plan which affected several leading railroad cities.

American Steamer Is Leaking, Makes for Scotland

London, Feb. 16.—The American steamer Lake Canaveral has reported by wireless to Mullin Head, Ireland, that she is leaking badly and is making for Droon, Scotland.

Street Car Fares in 460 Cities Show Increase

Chicago, Feb. 16.—Street car fares in 460 cities throughout the country have been increased according to figures given out today by the American committee of public utility information which attributed the advances directly to high material and labor costs. In 190 cities 10 cent fares are being paid, the report said.

As an indication of the financial plight of the electric street railway industry, the committee asserted that in 1919, 48 companies with a total of 3,781 miles of track went into the hands of receivers.

WELSH DEFENDANT IN SLANDER SUIT OF EX-POLICEMAN

CASE STARTED BY DANIEL BRIGGS IS OUTCOME OF POLICE MUDDLE.

PAPERS ARE FILED

Complaint Served This Afternoon and Filed in Circuit Court Few Minutes Later.

Thomas E. Welsh, mayor of Janesville, was today made defendant in a \$10,000 slander suit brought against him by Daniel W. Briggs, former member of the police department. Papers to this effect were served on the mayor at 2 o'clock this afternoon by Sheriff Fred Beley. The papers were filed in the office of the circuit court clerk, Jesse Earle, immediately by Charles A. Enslow, Briggs' attorney.

The mayor is charged by the ex-patrolman with having "maliciously" given a statement to the press on June 19, 1919, and which was printed in the Gazette, which Briggs declares, "falsely accused him of being a 'drunkard' and a 'bum'."

Briggs, who was in Peoria in 1914 when the war started, had a home there and a bank account which she estimated at 10,000,000 roubles. While the war was in progress, Mrs. Briggs, with her daughter, Adema, decided to go to Odessa. They were there when the government was overthrown by the Bolsheviks. Meanwhile the turn in tide of affairs had effectively tied up Mrs. Briggs' fortune, but she still was in possession of value.

3 SICK WITNESSES UPSET PLANS FOR NEWBERRY TRIAL

Grand Rapids, Feb. 16.—Illness of three witnesses upon whose presence the prosecution had relied for today's testimony upset the plans for the Newberry election conspiracy trial today. Plans were laid to fill the gap with a grand jury witness of two and documentary evidence.

It was indicated that reading of numerous telegrams was in prospect and perhaps some of the statements collected by department of justice men.

George Holloway, former representative and assistant district attorney at Grand Rapids, said he had been associated with Mark J. McKee since 1914 in both business and politics. Holloway said that McKee had called on McKee and the latter brought up a proposal that Holloway try McKee and Eaton Thompson to join McKee and Paul King in organization work for the Newberry campaign.

Thompson was a fraternal worker who introduced McKee to Holloway in 1914. Holloway said that McKee told him the matter of compensation for Thompson, McKee and King was a matter of McKee's regret. Holloway suggested another fraternal worker, a Mr. Snalley, for the place.

BRITAIN CHARGED WITH VIOLATING MONROE DOCTRINE

Washington, Feb. 16.—Charging that Great Britain had violated the Monroe doctrine by interfering with the sailing from Buenos Aires yesterday of the former German liner Bahia Blanca, with consignments for 10 North American importing companies, Representative Britton, republican of Illinois, introduced a resolution today asking the state department to make a full investigation.

"It was a common practice of Great Britain to violate the Monroe doctrine as well as American rights on the high seas prior to the American participation in the European war under the guise of war necessity," the resolution said, adding it must now be evident to all nations alike that the government of the United States will not countenance interference with American interests through proper American diplomatic channels.

A dispatch from Buenos Aires last night said the sailing of the Bahia Blanca had been indefinitely postponed and that it was admitted at the foreign office that the new liner was to be sent to Argentina by bringing a communication concerning the attitude of the allies toward the status of the steamship, whose purchase by Argentina during the war has never been recognized. The question as to the status has been referred to the reparations commission of the peace conference for decision.

Communism Bureau to Be Established in Mexico

Sanctuary, Sunday, Feb. 15.—A central communist propaganda bureau for the western hemisphere will be established in Mexico, in accordance with a resolution passed at a secret international communist conference held here early in February, according to the Handelsblad. The newspaper adds this step was taken on the initiative of an American delegate at the conference.

Singer Saves Wig

Mme. Lydia Lipkowska, wearing her gold thread wig.

New York.—Mme. Lydia Lipkowska, soprano, formerly of the Chicago Opera company, arrived recently with her husband, Lieut. Pierre Bodin, a French army officer.

Mme. Lipkowska, who was in Peoria in 1914 when the war started, had a home there and a bank account which she estimated at 10,000,000 roubles. While the war was in progress, Mrs. Briggs, with her daughter, Adema, decided to go to Odessa. They were there when the government was overthrown by the Bolsheviks. Meanwhile the turn in tide of affairs had effectively tied up Mrs. Briggs' fortune, but she still was in possession of value.

MEXICAN BANDITS HOLD AMERICAN, ADAMS, FOR RANSOM

Washington, Feb. 16.—Wilson Welsh Adams, an American, has been captured by bandits in Zacatecas, Mexico, and is being held for \$50,000 ransom, the state department was advised today.

Adams' home is in Los Angeles, where his wife and children now live. The American embassy at Mexico City has been instructed by the state department to bring the kidnapping to the attention of the Mexican authorities with the request that every step be taken to secure Adams' release.

The kidnapping occurred at Avila last Friday and the bandits were reported to have looted the warehouse of the Provisional mine operated by the Minerals and Metals company, an American concern. Adams was superintendent of the mine.

D'ANNUNZIO CAPTURES ITALIAN TRANSPORT

St. Louis, Feb. 16.—A plan to close charge accounts of customers if unpaid within 60 days after being rendered, was considered by the executive committee of the Retail Credit Men's National association, which opened a three-day conference here today. Some members proposed that interest be charged after the present day period.

QUEENS, PRINCESSES, AND PRINCES ATTEND BALL FOR SERVANTS

Kings Lynn, England, Feb. 16.—Three queens—Dowager Queen Alexandra, and Queen Mary of England, and Queen Maude of Norway—and several princes and princesses of the royal houses were part of the company attending the servants' ball at Sandringham, Queen Alexandra's home here, last night. The ball, honoring the servants at Sandringham, was an annual affair in pre-war days.

Two Disabled Steamers Are Trying to Make Port

Beaufort, N. C., Feb. 16.—The coast guard cutter Itasca, reported by radio today she was one hundred miles east of Cape Lookout lightship towing a disabled steamer to port. The name of the steamer was not given. An unidentified schooner also was reported in a sinking condition 80 miles southwest of the lightship. A passing steamer offered to take the crew off but they refused, declaring the schooner would make Cape Lookout before night.

ALLIES REVERSE THEIR DEMAND FOR SURRENDER

LATEST NOTE TO HOLLAND CHANGES ORIGINAL RE- QUEST FOR EXTRADI- TION.

SUGGESTS ISLAND

East Indies Proposed as Prison Home for Former Monarch.

The Hague, Feb. 16.—The latest allied note to Holland, with regard to extradition of the former German emperor reverses the original demand for his surrender and only asks his internment, with the suggestion that the former monarch be sent, perhaps, to one of the Dutch islands in the East Indies, it became known today.

The Associated Press learns on excellent authority that the Dutch government has already determined to reply with an offer actually to intern, from Holland's shores, the emperor, accepting the full responsibility of preventing him from endangering the peace of the world, establishing a guard over him and a strict censorship.

Anxious to Settle Question.

Holland, it is pointed out in diplomatic quarters, is anxious to do any request of the allies which is compatible with her own dignity and does not conflict with the nation's laws and traditions of long standing. More than anything else, as far as can be learned, she desires to bring to a close the issue over the presence of the emperor in the Netherlands. He has been a thorn in her side since the Hohenzollerns sought refuge in 1918.

That the ex-ruhr is undoubtedly in Holland's shoulders the responsibility to keep him there. They point to Doorn as being a particularly advantageous place to intern him. The village is not near any large city and the house which the emperor bought is placed so as to be easily guarded against any possible escape. Charged With Slaving Girls

London, Feb. 16.—A German press as quoted in a dispatch to the Exchange Telegraph company from Copenhagen, declares that Field Marshal Lord D'Almeida's effort is demanded by the allies not only because he is alleged to have said "the most cruel war is the most humane," but also because of his responsibility for the destruction of property during the German retreat. The field marshal is also charged with the responsibility for the deportation of civilians and the organization of civilian labor corps in which thousands of German women and children were handed over to virtual slavery with women of doubtful character and whipped and imprisoned if they refused to work.

STRIKE POSTPONED, BUT NOT CANCELLED

Detroit, Feb. 16.—The proposed strike of the more than 300,000 members of the United Brotherhood of Carpenters and Joiners of America and railway shop laborers has not been cancelled but has been merely postponed. Allen E. Barker, president of the brotherhood, announced today. Unless speedy relief is given the workers, he said, the strike will certainly take place.

The managers of our 15 districts," he added, "have been instructed to remain in their territories and to get speedy relief to our people."

CARNEGIE PEACE HALL HAS OFFICIAL OPENING

The Hague, Feb. 16.—The Carnegie peace palace, the activities within whose marble halls since its completion have been the scene of visits of tourist parties, was ready today for more distinguished guests. Use of the building for the first time since its opening in 1905 was for today by the conferees of several of the European neutral governments to discuss their participation in the permanent court of international justice provided for by Article XIV of the league of nations covenant. The call for the meeting was issued by Holstein. The name of the invited were the three Scandinavian powers, Norway, Sweden, and Denmark, and Switzerland.

LANSING'S RESIGNATION.

From all the evidence thus far submitted, President Wilson will not find hearty public approval in the dismissal of Secretary of State Lansing. The pretext that the secretary was usurping presidential powers in calling cabinet meetings apparently was but a subterfuge to cloud the real issue.

Just where this government would have landed during the months of severe illness of the president, without the convening of the cabinet to consider action on important questions such as the coal strike, etc., is problematical. There was a considerable period when no one but the president's physician was allowed to see him; meantime the affairs of government must be given consideration, and they very properly were, by his cabinet.

That Secretary Lansing had not been in accord with the president's views on many questions seems apparent now, and that he was awaiting a favorable opportunity to resign so as not to embarrass the president, has developed out of the events of the past few days. Had the Lansing resignation been demanded on account of this incompatibility it would not have caused the public criticism which is going over the country.

NO MORE "DEAD LINE AT FIFTY."

A few years ago an organization was formed in Chicago called the "Over-Fifty Club," to secure employment for men over the elderly who were victims of the superstition concerning the "dead line at fifty." It is believed to have been disbanded. There was no continued reason for its existence. The discrimination, its discrimination there was, has been abandoned. For a time it was one of the leading topics of popular discussion. Newspapers and magazines were filled with articles on the subject. Pathetic incidents were related of men no longer young who, were unable to find work, though virtually as efficient as ever. Employers, we were told, took fright at the sight of gray hairs, regarding them as a warning. It was "the day of the young man." Perhaps the war has had something to do with it. With so many of the young men away the older ones got their opportunity to "come back." There were numerous cases of "dugouts," as the English termed those who had retired from actual pursuits, they thought forever, but responded to the call of duty when the emergency of war arose and re-engaged in some useful occupations. But from all accounts these older men are still sticking to their jobs.

The leaders in the World war, both civil and military, were not young men, for the most part. Clemenceau, Wilson, Lloyd-George, Pershing, Foch, Joffre and the rest were far from youthful. Clemenceau's recent defeat and retirement to private life was not due primarily to his age. The man who succeeds him and the one who obtains the position coveted are veterans in French politics. Britain's premier is far more than twice the age of William Pitt when he was prime minister. Men of 60 and beyond today look and act much younger than did their fathers at the same age. The man who refuses to be old is apt to be taken at his own valuation. His experience constitutes a valuable asset which the young do not possess. The qualities of reliability and faithfulness are apt to be more developed. But, as has been said, it is unnecessary any longer to rush to the defense of the elderly man. He is able to stand alone.

A UNIVERSAL GROUCH.

The farmers tell the government they are so sore over conditions in the cities they are thinking of cutting down their plantings the coming season.

The laboring men tell us they are hard hit by the high cost of living and must have more wages.

The business men wall over high taxes and the cost of doing business.

All of us have a grouch.

You might think that America is at this moment the worst place under high heavens in which to live and that all of us are ground down by dire hardship to the very verge of starvation.

But in reality we have the best country in the whole world. We are more prosperous than ever we were, despite high prices of everything. We are blest with peace and a government that gives us a voice in its affairs; if we don't exercise the privilege to the full, that's our fault.

We ought to be rejoicing instead of complaining. We ought to be praising God for the blessings he has heaped upon us. We are as favored as were the children of Israel when God sent them manna from the skies, and just about as ungrateful. Instead of being thankful for all the good things of the earth, we are weeping our foolish hearts out for the moon and the stars.

A TRUCE AT BEST.

Poland will take no step toward formal peace with the Russian soviets without the approval of the entente allies. That there is a movement to conclude such a peace is admitted in all interested quarters. That it will be accomplished is not to be doubted. And that it will be the forerunner of recognition of the Lening outfit by the entente allies appears equally certain.

JUST FOLKS

Edgar A. Guest

HE'S TAKEN OUT HIS PAPERS.

He's taken out his papers, an' he's just like you an' me.
He's sworn to love the Stars and Stripes an' die for it, says he,
An' he's done with dukes an' princes, an' he's done with kings an' queens.
And he's pledged himself to freedom, for he knows what freedom means.

He's bought himself a bit of ground, an' Lord, he's proud an' glad;
For in the land he came from that is what he never had.
Now his kids can beat his writin', an' they're readin' books, says he,
That the children in his country never get a chance to see.

He's taken out his papers, an' he's prouder than a king.
"It means a lot to me," says he, "just like the breath o' spring.
For a new life lies before us; we've got hope an' faith an' cheer,
We can face the future bravely, an' our kids don't need to fear."

He's taken out his papers, an' his step is light to-day,
For a load is off his shoulders an' he treads an easier way.
An' he'll tell you, if you ask him, so that you can understand,
Just what freedom means to people who have known some other land.

Thereafter nothing would stand in the way of the negotiation of treaties with the Russian tyrants.

Approval of peace-making by Poland with the soviets means that the allies have decided they will not give the Warsaw government military support to defend itself against the bolsheviks. If they will not help Poland they will not cross swords with Lenin's armies at any price. They must, therefore, take Russia as they find it into the family of nations for better or for worse. It is a dangerous experiment. But if a breathing spell gives the bolshevik opportunity to strengthen itself for another attack on "capitalistic" governments, everywhere, the time can be improved by other countries also in making ready to defend themselves against the "Reds." Certain it is that disaster will follow acceptance of peace with the Russian soviets as anything more than a truce in the war of anarchy on organized society.

Center of Population

By FREDERIC J. HASKIN, Director

Janesville Daily Gazette Information Bureau,
Washington, D. C.

Washington, Feb. 15.—After a century of steady gravitation toward the west, the population of the United States has shifted its center of population. One of the duties of the Census Bureau is to determine the center of population. This year the chief geographer of the bureau believes that the center may be found to have moved east instead of traveling as usual to the west.

It has come to be a tradition in the United States to combine progress and the west. The primal lure of the west has worn out, but there is still far more room there than in the crowded east. If the war had not intervened since our national counting of heads, the center of population would have moved westward in a straight line from the east to the west coast.

From the beginning of the republic, the census was taken, and each 10 years the center of population has moved westward in stretches of from 14 to 50 miles, showing that the people were taking possession of more and more of their domain.

In the first census, in 1790, the 4,000,000 population of the United States ran north and south along the Atlantic coast with the center 23 miles east of Baltimore.

Continued on West

By 1800, the center was 18 miles west of Baltimore, and from then on it continued west, passing near Washington, Woodstock, Va.; Morehead, W. Va.; Chillicothe, Ohio; and Cincinnati, then west of Cincinnati, east of Columbus; and the last census at Bloomington, Ill.

The census of 1910 was the first time that the center ever happened to be in a town or city, and Bloomington, Ind., was the first city to be honored in college fashion. Several professors located the exact spot by astronomical observation. It happened to be in a lumber pile in the yard of a furniture factory, but the students made short work of removing the big logs, and proceeded to place a stone on the exact spot and conduct appropriate and useful services.

The furniture manufacturer was so proud of the position of his factory that he had his stationery engraved with the heading, "Located at the center of population." After this he will doubtless have to preface his assertion with "once."

The pull of the eastern cities on the center of gravitation of our population will be known positively only when the census figures are all collected and tabulated. In the meantime, C. S. Sloan, chief geographer of the Census bureau, is of the private opinion that the point will be somewhere east of Bloomington, probably still in Indiana.

For the past two decades our cities have been growing in size and number much more rapidly than our rural districts. Anything over 2,500 population is now termed a city in census parlance. While rural broad construction makes the growth of city population seem less extraordinary, in 1890 the city claimed over one-third of the population. In 1900 it had about 40 percent, and by 1910 it had 45.3.

This year the advance may be even greater. The attraction of the cities was intensified during the war. Every other girl in the United States wanted to be a war worker in Washington. Every other boy wanted most of them got what they wanted. Many of these girls, country bred, have found city life with its theaters, restaurants, libraries, and clubs, too fascinating to be easily given up. So they stay on when they are no longer needed by the government, or want to New York or some other city, in search of a job within walking distance of the bright lights.

Taking the case of Mamie, a young teacher, who came from the country to do war work with her head buzzing from hectic magazine ac-

A. The first Flag day celebration in this country is believed to have taken place at Hartford, Conn., June 14, 1861. It was made a public holiday by the residents of Hartford, and the day was observed by the raising out of flags, patriotic addresses, music and prayer. On July 4 of the same year flag exercises occurred in Washington, when President Lincoln raised a flag in front of the United States treasury. On that occasion he said: "The part assigned to me is to raise the flag. If there is no fault in the machinery I will do it. And when up, it will be for the people to keep it up." From these two events grew the custom of setting aside a day each year to pay special respect and honor to our flag.

300 EXPECTED AT FIRST HOTEL CO. MEETING TONIGHT

Seven directors of the Janesville hotel company, the organization which hopes to build the new hotel for this city, will be elected at the first meeting of the stockholders tonight. The meeting will be held at 7 o'clock in the municipal council room, city hall. The stockholders number 350.

LID ON GERMAN MAIL PARTLY OFF

Parcel post packages to Germany containing articles for personal use and sent as gifts, if marked "gift packages," are not subject to any German import license. Packages have been exempted from all customs duties in Germany, according to Postmaster J. J. Cunningham.

New regulations regarding sending things to Germany provide for food stuff parcels up to the weight of 11 pounds only to be imported to Germany without a permit. They contain any butter, meat and meat products, bacon, flour, sugar, pineapple, ginger, vanilla, candy, lobster, and oysters. However, pound parcels can be imported without a license if they contain oleomargarine, lard, pastry, dough products, candy, tea, and chocolate. Parcels up to the weight of five pounds containing soap, starch and canned goods also be sent without an import license.

These provisions make it possible for every person in Germany who has no friends or relatives abroad, to send him parcels in the form of gifts and to procure from business houses abroad 11 pound parcels upon payment.

Cards Beat Green Bay and Clinch State Championship

LOCAL BASKET FIVE WINS 28-17 BEFORE 2000 HOWLING FANS

Heralded before-hand as the best cage battle ever staged in Green Bay and admitted to be even better than that before it was over, the Northern Wisconsin Paper Mills five conceded the state basketball championship to the Lakota Cardinals Saturday night, 28 to 17. The northern city was expecting to put a feather in its cap by smothering Janesville, but the Cards had no feathers to spare.

Two thousand enthusiastic fans witnessed the game which was played at the armory in Green Bay with extra seating arrangements provided for the large number drawn from all parts of Wisconsin. Extra street car service was provided and the hand of the Paper Mills provided entertainment to spur the players on.

At no time during the contest were the Lakota boys in danger. They took the lead early in the contest. Green Bay made the first basket. The score at half time was 17 to 9.

Strange as it may seem, Williams, Janesville's crack pivoting guard, failed to make a basket. His opponents had evidently heard of his style of play and kept him closely guarded throughout. Nevertheless his light watch over Wilson held that dashing forward to two field goals.

Young Is Star
The Cardinals had a team composed of stellar players in the basket world. Wynman, Ripon crack player, played center in the absence of Brown. Delmore, manager of a two-fifths aggregation, crashed through for four baskets from his position as left guard. Young was shown at left guard where he managed to do his defensive work and at the same time capture free baskets. He will be remembered as the player who created a sensation by his playing here in the first of the Cards-Cards game of the present season when his work did much to whip Beloit. His stamping ground is with the Fogarty's Doughboys of Fond du Lac.

Uncanny Shots
So uncanny were the shots made by the Cards that the northerners opened their jaws and whispered "They never miss, do they?" They seemed more startled than Janesville fans were at Troy's performances against the Cardinals in the sensational game at the rink here four years ago when the local aggregation had to be content with only five points.

The Cards' rooting contingent was made up of four men—George Caldwell, Dr. Irving Clark, Reno (Mank) Koch, and Manager Joe (Bollivar) Denning. With 1,996 fans yelling for Green Bay, the quartet, came back with shattered voices. "Don't Clark, as scorekeeper for Janesville, in his own home town of Green Bay, kept a line of chatter going for the Cards which had his going in the Lakota Pollies beaten to a frazzle. There being nothing else for him to do, Koch was allowed by Manager Denning to carry the ball. While in Green Bay, the local contingent met Edward Fleming, a former Janesville youth, now in the garage business there.

Beloit Anxious.
News of Saturday's victory has rushed around Beloit where the fans are leary as to the outcome of the game. The Cardinals and the Paper Mills are expected to take a full out of the local players. Special cars will be provided for Janesville fans tomorrow as on the last game. Rogers are expected to rush down to the Windmill city to the number of at least 200 with all kinds of silencing devices.

The Cards will have Wilson in the line-up tomorrow. His work in the first Cardinal-Paper game did much to bring victory to Janesville. Delmore, Dalton, Williams and Brown will make up the team, with another player to be procured from St. Johns.

(By Staff Correspondent)

Beloit, Feb. 16.—Playing consistent basketball throughout the gruelling two days' fighting, Belvidere high school captured first place in the Beloit college prep school tournament Saturday afternoon, by downing Brodhead 32 to 9. Brodhead played hard ball, but could not seem to keep in the running with the Illinois five.

As the result of the game, Brodhead finished in second place. Beloit high copied third position by trouncing Warren, 19 to 14. It had been expected that Warren would be either first or second, but the Illinois boys failed to come through in second place.

ALL-STARS CRUSH BELOIT BAPTISTS 41-16 SATURDAY

The "Y" All-Stars broke their losing streak Saturday night by trouncing the Beloit Baptists to the tune of 41-16 on the court of the Y. M. C. A. here. Although the score was one-sided, the game was scrappy, especially during the last few minutes when the visitors used rough tactics.

"Chic" Babcock, who had been out of the game for several weeks because of illness, came back strong and scored nine baskets. "Blonde" Fullman played a star center game, adding four ringers to the score. Captain Grasslin played a snappy defense in the last half, taking "Joel" Prox's place. Grasslin brought the crowd to its feet when he dropped in a couple of baskets from the center of the floor.

CARPENTIER TAKES DEMPSEY'S OFFERS

New York, Feb. 16.—Georges Carpentier, through Manager Francois Deschamps, has accepted the \$250,000 offer of William Fox for a fight with Jack Dempsey for the championship of the world. Dempsey's end is to be \$300,000 under the Fox offer, but Dempsey has not accepted so far.

Mr. Fox's business representative, Winifred Sheehan, is now en route to Paris on the Adriatic to attend to the drawing up of a formal contract with the Frenchman. The Fox offer includes the taking over of Carpentier's theatrical contracts.

The profits of the match over and above the \$550,000 purse are to go to the Red Cross.

Fendrick, who had heard the shouting of the men locked in the express office, stopped the robber but Blackwell broke away and ran down the alley. The sheepman followed and caught him. After untangling the convoluted mess, he found himself free, but left behind the hand satchel containing the spoils. Fendrick (so he later explained to Blackwell) tied a cord to the handle of the bag and dropped it down the chute of a laundry in such a way that it could later be drawn up. When he hurried back to the express office and released the prisoners, after the excitement had subsided, he had returned for his money and had the original robber did not know where.

Blackwell's second meeting with the sheepman had been almost as startling as the first. Blackwell had run into the Jack of Hearts in time to save the life of his enemy. The two men recognized each other and Blackwell, for his share in the other man was paid one thousand dollars.

Both men asked the same question as soon as he had finished. "Where is the money you got from the raid on the express office?" "Don't know," I've been at Fendrick ever since to tell me. He's got it suited somewhere. You're fixing me the behind the bars, and he's the man that really stole it."

From this they could not shake him. Fendrick, riding on Mesa Verde, met young Bob Cullison, and before he knew what had happened found a gun thrown on him. "Don't you move," the boy warned.

"What does this tommyrot mean?" the sheepman demanded angrily. "It means that you are coming back with me to the ranch. That's what it means."

"Never you mind what for," Oh, go to, Mexico," Cuss hung back impatiently. "We're thinking some fool moving picture play, you blamed young idiot? Put up that gun."

Simply Rob wanted. He was excited enough to be dangerous. "Don't you get the wrong idea. I'm going to make this stick. You'll turn and go back with me to the ranch. If you're wanted for the W. & S. express robbery, Blackwell has confessed."

Cuss sat immovable as the sphinx. He was thinking that he might as well face the charge now as any time. Moreover, he had reasons for wanting to visit the Circle C. The had a look at him without scorn in his dark, flashing eyes.

"All right. I'll go back with you."

NORTHWESTERN WINS IOWA SWIM

Chicago, Feb. 15.—Northwestern swimming team won its first dual conference meet by defeating Iowa, 57 to 20, at Patten gym pool Saturday. The purple splashed in the triumph, taking first in the nine events. The Iowa splashes were a bit lagged after their previous night's encounter with the Maroons, but they showed their class by taking first in the 150 yard back stroke and forty yard swim and taking individual honors with 11 points. Howard of Northwestern was second with 8 points, winning the 440 yard swim from Branover by a ten foot margin.

The Purple started off with a rush, capturing the 150 yard relay and taking first and second places in the fancy diving event. The meet was well attended and Coach Tom Robinson expressed satisfaction over the manner in which his charges performed.

KEEP AIR PASSAGES CLEAR

Inflamed Air Passages Make Ideal Breeding Grounds for Flu Germs.

Flu This Year is Milder. While we know very little more about the flu virus than we did last year, the germ itself has never been positively identified—still, most authorities agree that the flu virus are breathed in. If the nostrils, throat and the membrane lining of the air passages is in healthy condition—these germs are thrown off.

Above all, keep the throat and air passages clean to melt a little and morning, and inhale the vapors, and apply a little of the nostrils several times a day, especially just before being exposed to crowds.

Treat All Colds Promptly. Above all, keep the throat and air passages clean to melt a little and morning, and inhale the vapors, and apply a little of the nostrils several times a day, especially just before being exposed to crowds.

These vapors, inhaled with each breath, carry the medication directly to the lungs and air passages. At the same time Vicks is absorbed thru and stimulates the skin, thus aiding to relieve the congestion within.

Use of Eucalypti Treatment for Colds Increasing. Vicks is particularly recommended for children's croup or colds, since it is externally applied and therefore can be used freely and often without the slightest harmful effects.

The best evidence of the value of Vicks is the steadily increasing number of people who have been converted to the use of this "outside" treatment.

Beginning with the customers of a retail drug store, the use of Vicks has grown year by year—state by state—until now more than 17 million jars of Vicks have been sold. And this in spite of the fact that Vicks is a new form of treatment to many folks in the North and West. Vicks can be had at drug stores in three sizes—30c, 60c or \$1.20.

BADGERS CRUSH MICHIGAN, 40-13

Madison, Wis., Feb. 15.—Wisconsin ran away from Michigan by a 40 to 13 score, outclassing the Wolverines. The Badgers' play was erratic, but Knopp's brilliant shooting operating as the big factor in the one sided victory. The Badger leader scored ten times from the field and played the floor in spectacular form. Gevritz was the only Wolverine who managed to break into the scoring column conspicuously, counting all but two points of Michigan's total. Early in the second period the entire Badger squad was replaced. Lineup: Wisconsin (40). B. F. P. T.

Urbana, Ill., Feb. 15.—Chicago ascended to the top of the conference basketball ladder Saturday night, when the Maroons won a hard battle from Illinois, 33 to 21. With two minutes to play the Illinois fought like demons to gain two points, but masterful guarding by the Maroons and poor luck of the crowd shot by Jones' throwers kept them scoreless.

Both teams were in the lead at various times, but at half time the tally was Chicago 13, Illinois 10.

The second half opened with a whirlwind attack under the Maroon basket, but Page's men guarded well, and Illinois' shots were without effect. The Maroons assumed the offensive and scored 10 points, while the Illinois held, Volmer leading.

One Maroon point came when Reference threw the crowd for quieting his request for quiet while Birkhoff was free throwing.

Broadhead, Feb. 14.—The basketball game ever pulled off in the local high school gym was played Friday evening between the girls' basketball team of Antioch and that of the local school. It was really not a game of basketball, but rough house.

PURDUE HAS HARD JOB BEATING IOWA

Lafayette, Ind., Feb. 16.—Purdue defeated Iowa in a hard fought contest, the score being 26 to 21. The Hoosiers started out with a bombardment of the visitors' goal, which gave them a 6 point lead, but Iowa countered and tied the score. At the halfway mark Purdue led, 15 to 12. In the second half the game was evenly contested, but Purdue showed slight superiority. Campbell was Purdue's chief point maker, while played a great guarding game, as did Miller. RYDER MAKES NEW LOCAL RIFLE MARK

Shooting 196 on the range of the local rifle club at the army yesterday, Frank Ryder made a new record for Janesville. The previous high mark was 192. The possible record is 200.

Marked improvement was shown in the contest yesterday, the high ten averaging 18.4 against 18.9 for last week. This is due in large measure to the coaching of Albert Nott. Fifteen took part in the shoot yesterday.

An invitation is extended by the club to young men of the city to take up this sport, which instills in the mind and principle of the rifle.

LOCAL CYCLONES TRIM BELOIT FIVE

Newcomers to the Janesville basketball field, the Janesville Cyclones whipped the Beloit Methuolites on the court of the local "Y" Saturday night 22 to 19. The game was hot because of its closeness throughout.

The basket shooting of Bick of the locals counted in the winning for Janesville over the Gateway city led despite the fast work of McCutcheon, McDermott, Dawson and Crowley did the rest of the scoring for the locals with Dickinson showing a good form at guard.

Friday night the Cyclones lost to the Fairy Apprentices. They play Staughton here next Saturday.

talked of Misher to a scoreless game was excellent and enabled his sidekick to play the floor as Lansing only can.

The result of the game was in Beloit's favor, not in Carroll's, as the Gazette reported Saturday, through an error in telephoning.

Gains 30 Pounds By Taking Tanlac

"I have gained thirty pounds since I began taking Tanlac, and when I meet my friends on the street they all marvel at how well and strong I am looking," said Mrs. Alexander Glau of 220 Sixth-st. St. Wauwatosa, Wis.

"I was suffering so bad that for seven months before I started taking Tanlac I hadn't put my foot outside my yard," she continued. "I had stomach trouble so bad that I couldn't retain a thing I ate except warm milk and sometimes just the sight of food would make me feel nauseated. Gas would blow me up until I could hardly breathe and I was troubled with heartburn nearly all the time. I would get so dizzy when I bent over that I would fall if I didn't catch hold of something to support me. My nerves were so completely shattered that I would almost collapse at the least excitement, and at night I would be so restless and miserable that I would get up and walk the floor for hours. For years and years I have had rheumatism in my hips and at times the pains were so bad I could hardly walk. I could find nothing that would do me any good and I was getting worse all the time and losing weight rapidly."

"This was my condition but things are different now since I have taken Tanlac and I feel so grateful to the good people who published their statements in the papers about this medicine that I want you to publish by telling others what it has done for me. My appetite has come back and I am hungry all day long and it makes no difference what I eat I digest it perfectly. I am no longer troubled with gas or heartburn and my breathing is free and easy. I don't have dizzy spells any more and my nerves are as steady as my can be. Rheumatism seems to be the most stubborn of my troubles but it is gradually leaving me. I am sleeping as sound as a child every night and get up in the morning feeling just as I am stronger than I have been in years and as I said, I have gained thirty pounds in weight. As long as I live I will never be able to praise Tanlac enough for the good it has done me."

Tanlac is sold in Janesville by all leading druggists. Advertisement.

PAUL HELPS BELOIT TO TRIM CARROLL

"White" Paul, an ex-Janesville high school basketball star now on the Beloit college team, figured largely in the victory Friday night over Carroll college at Beloit. Speaking of him "The Round Table" Beloit's semi-weekly, said Saturday: "Paul's work in holding the much-

GRAIN
Chicago, Feb. 15.—Decided upward swing took place in the corn market today, although at first values advanced only slightly. The market was the result of speculative selling and weakness in the value of currencies in Wall Street. The fact, however, that receipts here continued to fall and that there was no indication of any increased selling on the part of rural holders led to a sharp rally with commission houses buying freely. Opening quotations, which ranged from 1 1/2 to 1 3/4 cents advance, were 1 1/2 to 1 3/4 cents. The market was a little further and then rose to well above Saturday's figures.

GREAT MILL REMNANT SALE

The Big Store's Economy Basement Mill Remnant Sale Begins

Wednesday Morning, Feb. 18th

Here's Is a "Sale of Sales"

The very thing you want may be the very thing you'll find in this great sale. By our strength of infinite resources we've scored many victories for you—We are never feeble, never faint hearted in battling with high prices. With the object in view of assembling lots of wanted merchandise together at prices less than full pieces or full assortments would have to bring—this sale was worked out. After several months of planning and many miles of traveling, we are now ready to present for your approval the fruits of our efforts. Mills from New England, the South and East, as well as the middle West are represented. Every lot offered is just as represented and bears the Bostwick guarantee, no matter how low the price. Lots marked with a Star are small and may not last the first day of the sale, so it will pay you to be here each day of the sale as new lots will be added. So Wednesday Morning when the hour hand rolls around to 8:30 A. M., don't fail to be on hand—It will be worth your while.
